Since 6/28/14 there have been 6 robberies in the northwest residential area of Fullerton. In the first two cases, the suspects were described as male, Hispanics in their early twenties, 5’7”, 125 lbs, wearing hooded sweatshirts and having bandannas covering the bottom half of their faces. The weapon was described as a black semi-automatic handgun. Possible suspect vehicle involved is a silver or light colored minivan.

On 7/3/14 the victim was approached by 3 suspects who demanded money. One of the suspects was in possession of a semi-automatic handgun. The suspects in this case are very similar in description to the other street robberies and they also wore bandanas covering the lower portion of their faces.

On 8/17/14 three more residential robberies occurred in the same general area. The suspects are described as male Caucasian or Hispanic, early twenties, 5’7” to 6’0”, wearing hooded sweatshirts and having bandanas covering the lower half of their faces. The weapon has been described as a black semi automatic handgun.

Suspects in these cases appear to be opportunists and are confronting victims on the street or entering their homes via open or slightly open garage doors. For your safety, please keep your garage doors completely closed when not in use.
